All contents © copyright Qantas Airways Limited, Inc. All rights reserved.

If your registration is successful, you will receive an email confirming you as a registered user. To use the site click the 'Login' text on the top right of the screen and enter your email address and the password you selected at the registration stage. Then click the Submit button. If you forget your password, simply input your email address in the "Forgot Your Password" panel and click the Submit button and a password reminder will be sent to you by email.

## Using the site

Once logged in you can navigate the site using the drop-down section headings. When you click on a section you will be presented with one or more pages of thumbnail images and descriptions of the content within that section.

### Downloading Images:

Images can be downloaded immediately by clicking on the magnifying glass icon bottom right of the thumbnail preview. This reveals a larger 'Image Pop-up' screen which is useful for viewing a larger preview of the image. This window can also be used to download an RGB file of the selected image to your computer. Simply click on the 'Download' button relevant to the size of resolution you require.

#### File sizes:

- "Med-Res": these files are at 150dpi and are generally useful for internal reports.
- "Screen-Res": these files are at 72dpi and are useful for all onscreen presentations.
- "High-Res": these files are at 300dpi and are for Litho print applications. Files are in RGB format and will need to be converted to CMYK before printing.

## Using the Lightbox

The screenshot shows a web browser window titled "Qantas: View Downloadable Media" with the URL "http://www.qantasextranet.co.uk/lightbox.jsp". The page header includes the QANTAS logo, "UK Marketing Resource", and navigation links: "Images", "Logos/Banners", "Network Maps", "Facts & Info", "Download Basket", and "Help / Links". The main content area is titled "Download Images" and "Download" (Page 1 of 1). It displays a grid of four image thumbnails, each with a title and a "Download" link. The first thumbnail is titled "Qantas 747 Air-to-Air 03 Qantas 747 Air-to-Air over clouds" and has a "Download 300" link. The second is "Qantas Logo: Horizontal QFH Qantas Horizontal Positive" with a "Download 255" link. The third is "Economy Cabin 02 Economy Class Cabin 7 Australian Wine" with a "Download 150" link. The fourth is "Business Skybed Seat 17 Qantas Skybed Business Seat, overnight menu order card" with a "Download 300" link. A "Delete" link is at the bottom of each item. A callout box on the right shows a larger view of the first thumbnail, titled "Qantas 747 Air-to-Air 12 Qantas 747 at sunset", with an "Add to lightbox" button.

Clicking on the "Add to lightbox" text below a thumbnail view will automatically collect the images and information selected into your "Download Basket". This is a useful way of making a selection of items and reviewing later before downloading. Your basket selection can be of any items held in the resource extranet including images, text files, PDFs and EPs. Items can be removed from your basket at any time by clicking the "Delete" link at the bottom of each item window pane. Items will stay in your basket even after you Log Out and will remain there for the next time you log in. They will remain indefinitely in your basket until you remove them by you using the "Delete" function.
